***Allowable Subject Matter***

1. Claims 1-6 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior arts Nagata et al, Fujino, and Yamazaki et al fails to teach chip-on-glass type liquid crystal display (LCD), comprising a plurality of source driving sections connected in series by first panel wiring formed on the LCD panel, a first source driving section of the plurality of source driving sections being a leading source driving sections that is supplied with a driving voltage through the first panel wiring, generating contrast voltages corresponding to data to be displayed on the LCD panel, and providing the generated contrast voltages to pixels of the LCD panel, the first source driving section also outputting a driving voltage to a second source driving section that is a trailing source driving section; and a plurality of gate driving sections connected in series by second panel wiring formed on the LCD panel, the plurality of gate driving sections including a first gate driving section being a leading gate driving section that is supplied with a gate driving voltage through the second panel wiring, and scanning the plurality of pixels of the LCD panel sequentially row by row, the first gate driving section also outputting a driving voltage to a trailing gate driving section, wherein each of the plurality of source driving sections increases the source driving voltage to make a leading source driving voltage equal to a trailing source driving voltage, and wherein each of the plurality of gate driving sections increases the gate driving voltage to make a leading gate driving voltage equal to a trailing gate driving voltage.

The closest prior art, Nagata et al, Fujino, and Yamazaki et al, either singularly or in combination, fail to anticipate or render the above bold and underlined limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
